Date :2008-5-1. High school biology teaching core mission is to improve the literacy of students in biological sciences, and biological science literacy is one of the important meaning of It reflects a on the basis of biological science core content mastery and application level. To help students better understand and master the basics of the core areas of biology, especially textbooks on core concepts, basic principles and laws of the content, we compiled a set of organizations, high school biology diagrams and practice series. This series is a publishing company in New Zealand BIOZONE book Biology: Student Resource and Activity Book (BIOLOGY: Student Resource and Activity Manual) and other students on the basis of reading the translation and adaptation. This series has the following characteristics. 1. Meet the high school biology curriculum standard (experimental) requirements, and the PEP high school biology curriculum standard textbook content system is consistent with the specific content of the textbook sets with high consistency. The first volume, respectively, and biological 1.2.3 1.2.3 (required) textbook matched three modules, the first four micro-organisms and biotechnology, the contents of the elective and elective I and 3 of the micro-organisms and biotechnology content closely together. 2. Focuses on teaching materials to help students better understand the basic concepts, principles and laws, to enhance students' understanding of biology, to develop students thinking skills. Each chapter begins with the first list should be understood by studying the core of this chapter, and then on key, difficult and prone to problems in learning to make important tips; chapter highlights the topics presented in the form of text by text description and a large...
