

Brief Introduction to Technological Determinism

By MR Arghya Ray

Createspace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.We should always keep in mind that both technology experts and business managers are part of the society. Without understanding society, we cannot understand our clients and customers. But if a professional does not know that exactly how technology is related to the society and vice versa, he/she cannot devise technological systems that would benefit the society in the long run. Apparently, study of society and social sciences is not an imperative for a technical or management trainee. But in the age of social networks like Facebook and with increased public focus on topics like corporate social responsibility (CSR), it is not a good idea to neglect the social influence and importance of technology as a whole. Technological determinism can amply help us in developing an understanding on how society and technology interact. The basic framework of this theoretical paradigm has been constructed on the basis of Thorstein B. Veblen s works. Although a strictly deterministic approach might damage the very target of this book, I have focused on the philosophical side of determinism. This has been done...
